FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Background

Ms. Alma Lee Loy was born and raised in Vero Beach, Florida, and has been a life-long resident, businesswoman and active member of the community ever since. In 1968, she became the first woman elected to the Indian River County Commission and served as both Chairman and Vice-Chairman. Among her many varied accomplishments during this time was championing the construction of the 17th Street Bridge (State Road 656 between Indian River Boulevard and State Road A1A).¹ It has been said that Ms. Loy's passion on this initiative helped her overcome objections related to the possibility of declining property values, right-of-way costs and environmental concerns – such as whether construction of the bridge would interfere with the operation of the nearby power plant.²

Throughout the years, Ms. Loy has worked tirelessly to improve and enhance public beaches, parks and the Vero Beach/Indian River County community in general. Her efforts have earned her recognition in the form of having a county park and the local chamber of commerce building dedicated in her name.

Ms. Loy obtained her Associates Degree at the Rochester Institute of Technology and later obtained her Bachelor of Science in Business Administration with minors in Economics and Management from the University of Miami.

Florida Law on legislative designations of transportation facilities

Section 334.071, F.S., provides for legislative designations of transportation facilities for honorary or memorial purposes, or to distinguish a particular facility. The legislative designations neither 'officially' change the current names of the facilities, nor require local governments and private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings.

Section 334.071, F.S., also requires:

- The city or county in which the dedicated facility is located to pass a resolution, through its board of commissioners, in support of the designation before markers are erected. If the designated segment extends through multiple cities or counties, a resolution must be passed by each affected local government; and
- The Florida Department of Transportation must place a marker at each termini or intersection of a designated road or bridge, and erect other markers it deems appropriate for the transportation facility.

Effect of Proposed Change

The bill designates bridge number 880077 on State Road 656 between State Road A1A and Indian River Boulevard in the City of Vero Beach as 'Alma Lee Loy Bridge.' The Florida Department of Transportation is directed to erect suitable markers.

The bill has an effective date of July 1, 2012.
